

# WIKIPEDIA EDIT-A-THON

Wikipedia has a gender problem: In 2018, less than 10% of editors identified as women. That's a big problem: Gaps in participation create gaps in content.

Let's work on changing that. Join for an afternoon of creating, expanding and interlinking Wikipedia entries related to **Gender Diversity in Canadian Physics**. No experience required, there will be tutorials, pizza and snacks. Just bring your laptop, power cord and ideas!

**MARCH  
16TH  
3-7PM**

McGill Education Building  
3700 McTavish St, Montreal  
Room 627
